Dear Mr. Weisberg,

I regret not mailing some of these clippings to you sooner, but I've been busy. Yesterday was the last day of classes at U.T.

When I read the front page story in the Knoxville Journal (NOV. 11, 1978), I was afraid that they would run with the first paragraph, "The documents allegedly implicate J. Edgar Hoover, Lee Harvey FBI knowledge, in an FBI assassination plot." But long after this story, the Guyana tragedy took place, which Mark Lane says the TRUTH IS STRANGER THAN FICTION!!!

I was in Tampa (TAMPA) from Oct. 20-26. During that time I saw Mark Lane on a local talk-call-in show. He was on for only an hour. He talked about prior to the last Congressional Bay. If I'm not mistaken, I believe he said

Ray and his wife will celebrate their first anniversary away from prison. He wouldn't divulge this "new evidence".

What does F Y I mean?

Did you see Barbara Walters ~~interview~~ Mark Lane? After watching it, I was ~~co~~ convinced ~~many~~ Mark Lane's politics. How would you characterize his political beliefs?

I want to thank you for your periodic comments.

When, and if, Ray's trial happens, I'll need your clippings.

Sincerely,

Barbara Galvin Raney

(U.T.)

PS NAP locally, didn't carry the latest installment of the King hearings. Management felt there wasn't enough interest.
